

# LYNX BANDALUX

## SMART BLINDS

The app that allows you  
to control all Bandalux  
window covering solutions,  
wherever you are.

# Easy, comfortable and from anywhere

Home is the center of our lives. It is where we feel comfortable, safe and protected, where we spend time with our loved ones.

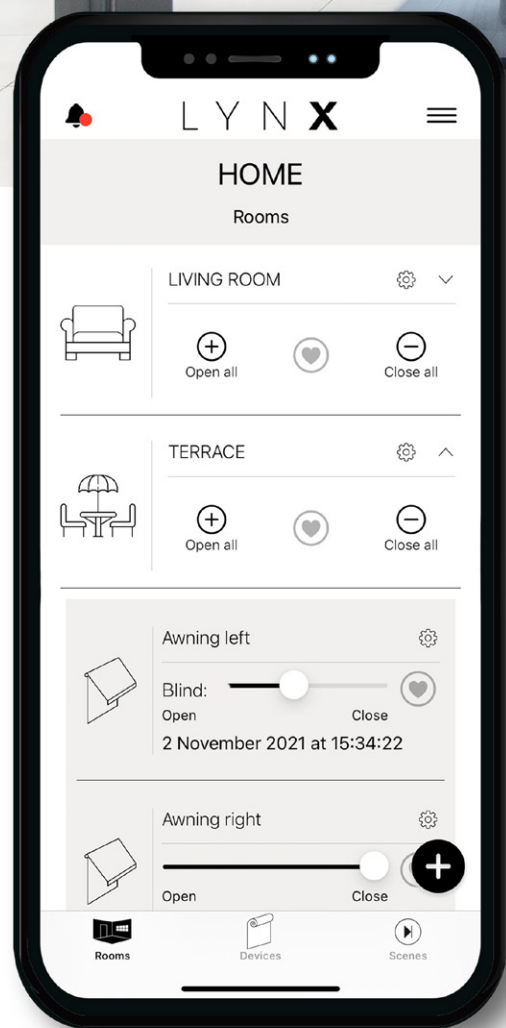

That's the reason why more and more people want to have their home more organized and controlled through connectivity.

LYNX offers a comprehensive smart system which allows you to control all of your Bandalux motorized blinds and other connected devices like: stereo, lamps, fans, shutters...

**Welcome to your new smart home.  
Welcome to LYNX.**

# A smarter home, more connected, more you

## WHICH ARE THE ADVANTAGES OF AN AUTOMATED HOME?

- ▼ **More control:** lighting, temperature, devices... Access to all information and full control, even when you are not at home.
- ▼ **More tranquility:** a system that allows you to create presence simulation scenes, programmed devices activation...
- ▼ **More efficiency:** save time, simplify your daily life and reduce energy consumption.

## Find out everything LYNX by Bandalux has to offer

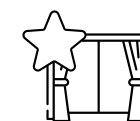

### Make your daily life easier

Use your blinds, shades, awnings and other connected devices effortlessly: make them smart and adapt them to your lifestyle.

### Very easy to use

Act, control and manage your home using your smartphone or via voice control.

### Any blind, any style

LYNX is compatible with all Bandalux blinds.

### Without cables and work-free

LYNX is easy to install: no construction sites or visible cables.

### Peace of mind for you and your family

Activate presence simulation scenes when you are not at home.

### A house? No, a home

Create as many scenes and rules as you want for your blinds and other connected devices: music, lights, thermostat...

### Good for the planet and good for you

Make the most of solar light cycles, react to weather conditions and save on your electricity bill.

# Simplify your daily life

## ▼ Bandalux LYNX blinds

Roller shades, vertical and venetian blinds, pleated and draperies, sliding panels, awnings, pergolas... LYNX is available for all Bandalux motorized blinds.

## ▼ Make the most of your home

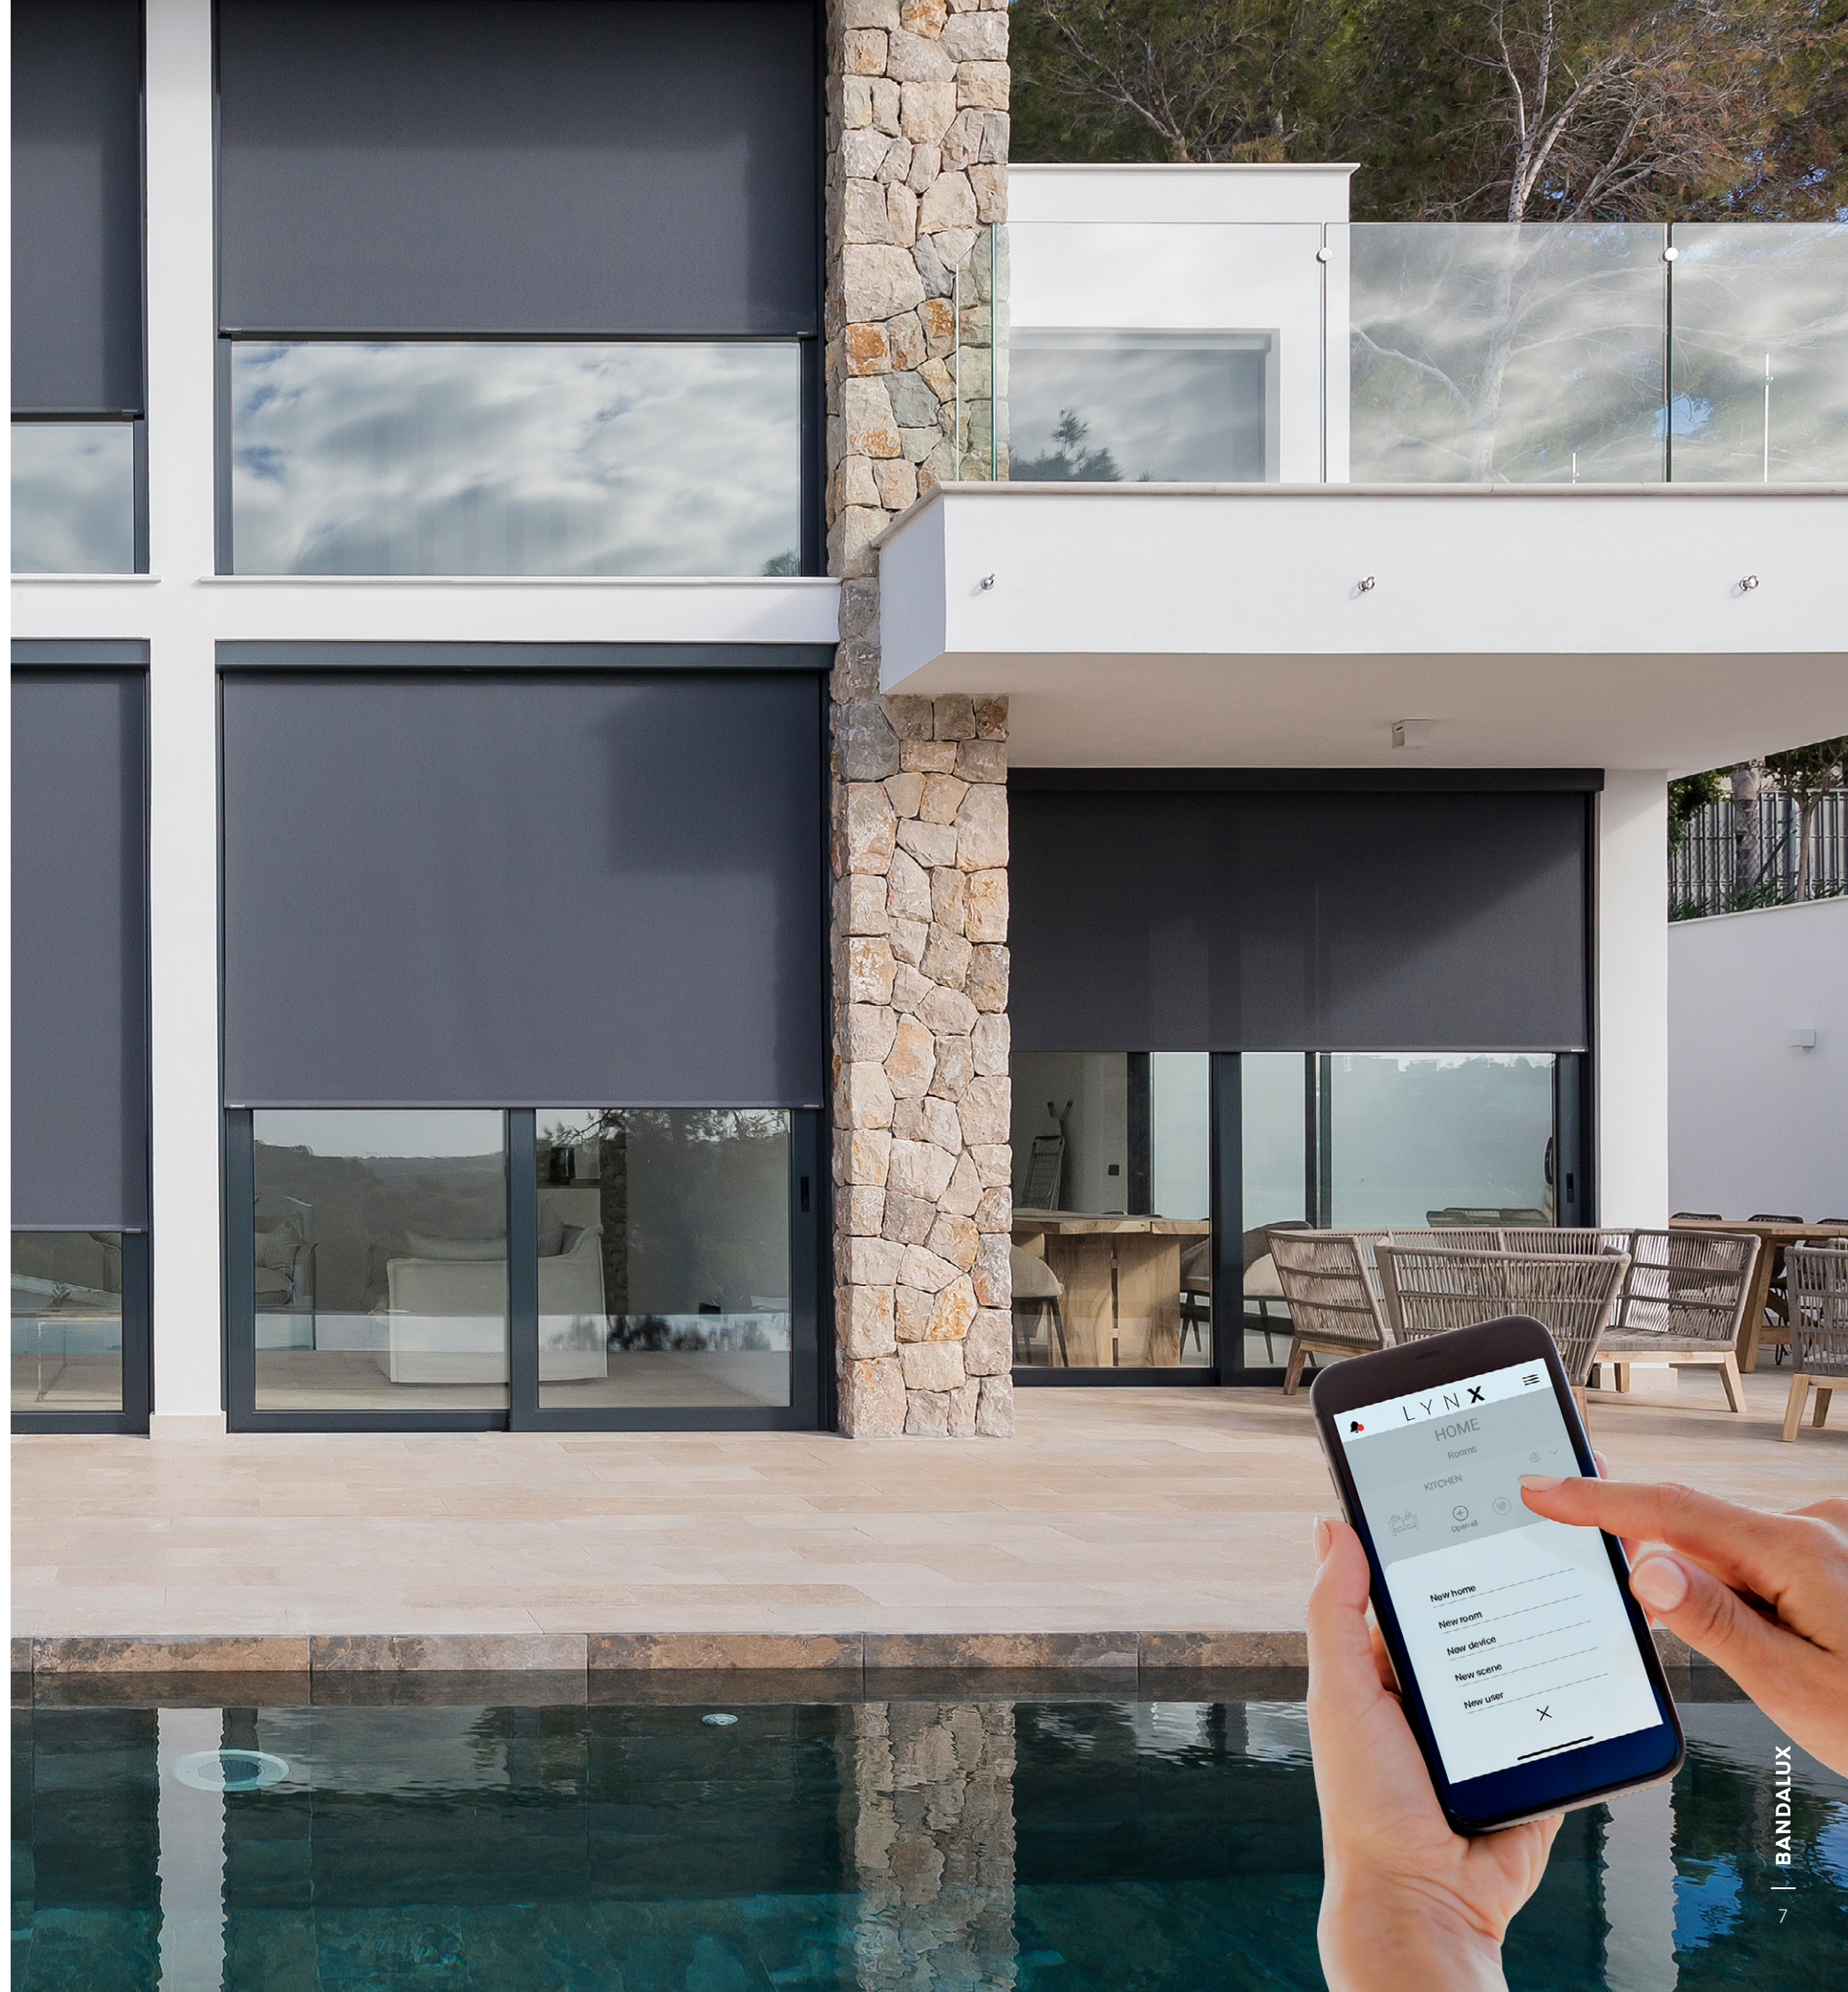

You can effortlessly control your blinds, remotely, through the app or with a voice command and add other connected devices. You set the limits.

## ▼ Your needs change and LYNX adapts to them

LYNX is an open and scalable solution. You can add new devices and Bandalux blinds to your installation at any time.

## ▼ Learn from your daily life and create scenes

Create personalized settings and scenes to set the perfect mood for each moment: relaxed, festive, romantic, home cinema... Execute scenes based on the temperature, light or movement, and schedule daily programs according to your habits: when waking up, when leaving home, at nightfall...

▼ **LYNX matches all decorative styles**

A smart solution that doesn't affect your home's decor. Cable free installation and no construction works needed. Completely wireless. Without complications.

▼ **Be informed at all times**

LYNX's bidirectional technology means that you will know the exact position of your blinds and other devices connected to LYNX through the Smart Plug at all times, wherever you are.

▼ **Bandalux responds**

We will set all blinds and devices that you have purchased with LYNX home automation system. Once at home, the installer will set your blinds where you want and leave LYNX ready to use. If you have any doubts or problems, Bandalux will assist you with a special customer service team dedicated to LYNX.

▼ **You house welcomes you**

Location-based scenes activation. Geofencing technology detects if you are near or far from home, thanks to your smartphone GPS, in order to execute the scheduled scenes and orders.

▼ **Peace of mind above all**

You can schedule presence simulation scenes when you are not at home. Activate it wherever you are and keep intruders away.

## **A new concept of light at home**

# Bandalux makes it easy for you

- Free service, with no fees nor small print.
- We set your smart blinds and the installer leaves everything ready to use in your home.
- Any problem? Bandalux provides you with a specific LYNX customer service and technical support team.

## Discover the whole family

Enjoy the full potential of LYNX. Take your connected home to another level with LYNX associated devices
