Los tejidos **BLACKOUT** son totalmente opacos independientemente de su color.

Son tejidos con los que se consigue máxima intimidad, ya que se produce un bloqueo total de los rayos UV. Son ideales para dormitorios, salas de reuniones, habitaciones de hotel, hospitales, etc.

Les tissus **BLACKOUT** sont totalement opaques, quelle que soit leur couleur.

Ils permettent d’obtenir une intimité maximale car ils bloquent totalement les rayons UV. Ils sont idéaux pour les salles de réunion, les chambres d’hôtel, les hôpitaux, etc.

BLACKOUT fabrics are totally opaque regardless of their color.

Are fabrics with which maximum privacy is achieved, since they produce a total blockage of UV rays. They are ideal for bedrooms, meeting rooms, hotel rooms, hospitals, etc.

I tessuti **BLACKOUT** sono totalmente opachi, indipendentemente dal loro colore.

Con essi è possibile ottenere una privacy massima, grazie al blocco totale dei raggi UV. Ideali per sale riunioni, camere d'albergo, ospedali, ecc.

DIM
OUT

Los tejidos **DIMOUT** son oscurantes y no ofrecen una opacidad total.

La transmisión solar de este tipo de tejidos depende del color que se elija. Cuanto más oscuro sea el tejido, menos luz dejará pasar.

Les tissus **DIMOUT** sont occultants et n’offrent pas une opacité totale.

La transmission solaire de ce type de tissu dépend de la couleur choisie. Plus le tissu est foncé, moins il laisse passer la lumière.

DIMOUT fabrics are darkening and do not offer total opacity.

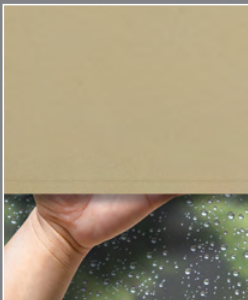

The solar transmission of this type of fabric depends on the color chosen. The darker the fabric, the less light it lets through.

I tessuti **DIMOUT** sono oscuranti e non offrono un’opacità totale.

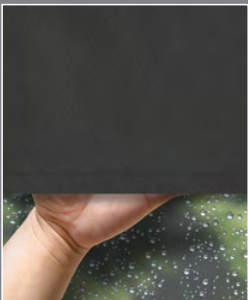

La trasmissione solare di questo tipo di tessuto dipende dal colore scelto. Più il tessuto è scuro, meno luce lascia passare.
